File Type PDF Britains Industrial Revolution The Making Of A Manufacturing Power 1700-1870

Britain in the 1760's, after the English Civil War of the 17th century had cleared the way for the development of capitalist relations. Manufacture production had reached its peak in England, and the Dutch manufactures had fallen far behind the English ones.

British Industrial Revolution | Article

File Type PDF Britains Industrial Revolution The Making Of A Manufacturing **about British ...**

The Development of the Industry As the industrial revolution developed, so did the iron industry. A set of innovations, from different materials to new techniques, allowed iron production to expand greatly. In 1709, Darby became the first man to smelt iron with coke (which is made from heating coal).
